

The background features a complex geometric pattern of overlapping circles in light gray. Some circles are solid, while others are dashed. Within these circles, there are several colored segments: a green circular segment in the upper left, a blue circular segment in the lower right, and three curved line segments (two green and one blue) scattered across the design.

The background features a complex geometric pattern of overlapping circles and arcs in light gray. Some of these arcs are solid, while others are dashed. Four distinct colored segments are integrated into the design: a green circular segment in the upper left, a green curved line segment in the middle left, a blue curved line segment in the upper right, and a blue circular segment in the lower right.

KPT WORLDWIDE

The background features a complex geometric pattern of overlapping circles in light gray. Some circles are solid, while others are dashed. There are four colored segments: a blue circular sector in the upper left, a blue curved line segment in the middle left, a green curved line segment in the middle right, and a green circular sector in the lower right.

REFERENCE

The background features a series of overlapping circles in light gray. Some circles are solid, while others are dashed. Within these circles, there are colored segments: a green circular segment in the top-left, a green curved line segment in the middle-left, a blue curved line segment in the top-right, and a blue circular segment in the bottom-right. The word "SKILLS" is centered in the middle of the image.
